

1. REFERENCE INFORMATION

Insured:	Michael R. Blackwood & Sarah J. Blackwood
Insurer:	Northern Shield Insurance Company
Policy #:	NSI-AB-2023-06215 Claim #: WF-2024-JAB-003847
Loss Location:	87 Pyramid Lake Road, Jasper, AB T0E 1E0
Date of Loss:	July 24, 2024 Cause: Wildfire — Jasper Complex Fire
Date of Inspection:	August 28, 2024 (first access post-evacuation)
Accompanied by:	Michael Blackwood (insured), Cst. R. Fehr (RCMP escort)

2. EXECUTIVE SUMMARY

Site inspection conducted on August 28, 2024 following lifting of re-entry restrictions for Jasper residents. Property at 87 Pyramid Lake Road sustained catastrophic damage from the Jasper Complex Wildfire (Alberta Wildfire designation AB-WF-2024-042). The dwelling, detached garage/workshop, and all outbuildings are a TOTAL LOSS. Only the concrete foundation, partial chimney structure, and portions of the driveway remain. The site shows evidence of extreme heat exposure consistent with wildfire interface conditions. Environmental assessment has been recommended due to potential soil and groundwater contamination from burned structural materials, vehicles, and stored chemicals (workshop).

3. STRUCTURAL DAMAGE ASSESSMENT

Component	Pre-Loss Condition	Post-Loss Condition	Damage %	Assessment
Foundation	Poured concrete, good	Intact, heat-cracked in 3 areas	15%	Salvageable*
Framing/Structure	Wood frame, 2x6, good	Completely consumed	100%	Total Loss
Roof System	Asphalt shingle, 2018	Completely consumed	100%	Total Loss
Exterior Walls	Vinyl siding + insulation	Completely consumed	100%	Total Loss
Interior Finishes	Drywall, hardwood, tile	Completely consumed	100%	Total Loss
Plumbing	Copper/PEX, 2006	Exposed, heat-damaged	95%	Total Loss
Electrical	200A panel, copper wire	Destroyed	100%	Total Loss
HVAC	High-eff gas furnace 2019	Destroyed	100%	Total Loss
Detached Garage	Wood frame 24x30, 2008	Completely consumed	100%	Total Loss
Deck/Patio	Pressure-treated wood	Completely consumed	100%	Total Loss
Fencing	Cedar, 180 lin ft	Completely consumed	100%	Total Loss
Septic System	Tank + field, 2006	Unknown — requires testing	TBD	Pending
Well System	Drilled well, 2006	Casing intact, pump destroyed	60%	Partial Loss

* Foundation salvageability subject to structural engineer review (cracking may indicate heat compromise)

4. PRELIMINARY LOSS ESTIMATE

Dwelling replacement (2,450 sq ft × \$280/sq ft)	\$686,000
Detached garage/workshop replacement	\$78,500
Site cleanup, demolition, disposal (est.)	\$45,000
Environmental remediation (soil, well) — provisional	\$22,000
Personal property (per insured's Schedule of Loss)	\$185,000
Additional living expenses (12 months @ \$3,000/mo)	\$36,000
Landscaping, fencing, retaining wall restoration	\$31,500
Professional fees (engineer, environmental, surveyor)	\$12,000

TOTAL PRELIMINARY ESTIMATE: \$1,096,000

This is a preliminary estimate only. Final figures subject to detailed scope of loss, contractor estimates, and policy terms.

5. PHOTOGRAPHIC DOCUMENTATION (Selected)

Photo 1: Front elevation — total loss

Photo 2: Rear elevation — foundation only

Photo 3: Garage footprint — debris field

Photo 4: Intact chimney + heat-cracked foundation

6. RECOMMENDATIONS

- 1. Approve additional living expense (ALE) continuation — insured currently in temporary rental in Hinton.
- 2. Retain structural engineer for foundation assessment before any rebuild decision.
- 3. Commission Phase I Environmental Site Assessment (ESA) — potential contamination from workshop chemicals, burned vehicle fluids, and asbestos-containing materials (vermiculite insulation suspected in attic space).
- 4. Engage independent appraiser for personal property valuation where insured's estimates exceed \$5,000/item.
- 5. Coordinate with ATB Financial (mortgagee) regarding loss payee disbursement schedule.
- 6. Confirm municipal rebuilding requirements with Municipality of Jasper — updated FireSmart building codes may apply under Alberta Municipal Government Act and new wildfire interface construction standards.
- 7. Review vehicle claim with Intact Insurance to avoid duplication — F-150 may be claimed under auto policy.
- 8. Monitor Government of Alberta Disaster Recovery Program (DRP) eligibility for uninsurable losses.
